Academic Instruction/Tutoring

Summer will be here in a flash! We believe that learning should never take a vacation. Summer is the perfect time for students to build reading skills, establish a better grasp of math, or practice techniques to be a stronger writer. Regardless of whether your child is entering first grade or twelfth, summer is a great time to grow. Our highly trained and qualified teachers will help your child sharpen the skills required for academic success, allowing for greater confidence and preparedness in school.

“My son is positive and enthusiastic about returning to school as he feels good about his reading progress. What a wonderful gift he has been given.”

- Parent of Stern Center student

Join us! Live or online instruction is available. Enroll by contacting us online, by phone, or email. First come, first served. Register by May 15, 2019.
